based on many years working in anthroposophy and in waldorf schools and drawing extensively on rudolf steiner s words jon mcalice s radical thought provoking book opens the field for a new vision of the collaborative possibilities available in schools that are established and sustained by parents and teachers for the sake of students seeking to shift the conversation concerning school governance from a structural to a dynamic approach mcalice emphasizes learning as a multileveled process of becoming as he puts it a school is a working community dedicated to the art of becoming a community in which students and adults participate in the difficult task of creating a free self governing ecology of learning for this the adults must learn to trust one another and develop confidence in collegiality understanding the guidance of their common task they must find the humility and honesty to listen without judgment and to speak with authenticity to create a context in which children can practice the art of self education educators must themselves become examples of self governing creative responsible human beings committed to learning and self development

through encounters in which content and process merge in an experience of absolute freedom thus something new becomes possible mcalice shows how such an ideal can become a reality when parents teachers and students all work and learn together for the common goal of becoming more fully human within a dynamic engaged participatory learning community engaged community provides anyone involved in waldorf education with the appropriate tools and language to take the hard work of dialog and conversation to a higher level
